

The standing answers for main contractor PQQs.

Complete the bracketed fields once, keep it current, and every prequalification becomes a copy-and-paste job instead of a scramble. This is the internal master — it holds the commercial figures that are deliberately kept out of the public capability statement and brochure, so they reach a buyer alongside the documents that evidence them.

COMPANY

Legal name [Registered legal entity name]

Trading name EDM Holdings

Contracting entity In the UAE we contract through **EDM Technical Services L.L.C**, the Dubai-licensed delivery entity, wholly owned by EDM Consultant FZCO.

Registration / licence no. [Trade licence / company registration number]

Attach a copy of the current trade licence. It is the standard supply-chain attachment and the document that closes the licensed-scope question permanently.

VAT / TRN [Tax registration number]

Incorporated [Date of incorporation / licence issue]

Registered office [Full registered address, Dubai]

Delivery market United Arab Emirates.

The team's track record was built across the UK and Ireland — see Track record on page 4. The UAE entity does not mobilise labour outside the UAE.

COMPANY, CONTINUED

Trade heritage	Our people have worked in this trade since 1986, as E&D Drywall — the same people, systems and standards now operating as EDM Holdings.
Scope	Specialist interior fit-out and drywall, self-delivered: partitions, ceilings, fire-rated and acoustic systems, timber panelling, aluminium and glazing, joinery, painting and decoration.

KEY CONTACTS

Chairman	Eddie Duffy · eddie@edmholdings.ae · +44 (0) 7778 877353
Chief Executive Officer	Damien Meenan · damien@edmholdings.ae · +971 (0) 58 507 6481
Chief Operating Officer	Christopher Simon · christopher@edmholdings.ae · +971 (0) 58 601 2021
Project Director	Kenny Buchanan · kenny@edmholdings.ae · +971 (0) 58 580 0870

INSURANCES

Employer's liability	[Insurer · policy no. · limit · expiry]
Public liability	[Insurer · policy no. · limit · expiry]
Workmen's compensation	[Insurer · policy no. · limit · expiry]
Professional indemnity	[Insurer · policy no. · limit · expiry — if held]

**Quality / environment /
H&S**

[ISO 9001 / 14001 / 45001 — certificate numbers and expiry, or "in progress"]

Fire-stopping / systems

[Third-party certification, e.g. FIRAS or manufacturer-approved installer status]

HSE record

[Reportable incidents / lost-time injuries, last 3 years]

State the period and the definition of reportable, and have the returns available. A bounded, dated figure answers the question; an unqualified claim invites three more.

Direct workforce

[Number of directly employed operatives and supervision]

Handover standard

Published, and issued with this pack: every wall referenced, every stage inspected and signed, photographed before it is boarded over. See the published Handover Standard.

FINANCIAL & REFERENCES

Turnover (last 3 years)

[Year · value] · [Year · value] · [Year · value]

Provide alongside the audited accounts that support them. These figures are deliberately not published in the capability statement or brochure.

Bankers

[Bank name and branch]

Trade references

[Main contractor · contact name · project · value] — three, from Tier-1s where possible.

Ask the client before naming them. Where consent is not on file, offer the reference on request rather than printing the name.

Track record

£20.31m delivered across 11 schemes and 4 sectors under the E&D Drywall heritage — the same people, systems and standards now operating as EDM Holdings. Current UAE delivery is a thirteen-zone mission-critical package.

BEFORE THIS PACK GOES OUT

- ☐ **Every bracketed field is filled.** A pack with brackets still in it tells a buyer more about how you run a job than the answers do.
 - ☐ **The trade licence is attached** and in date, and the licensed activities cover everything in the Scope row.
 - ☐ **Insurance certificates are attached** and none expires inside the tender period.
 - ☐ **Named references have given consent.** Where they have not, the row says "on request".
 - ☐ **Turnover matches the accounts** being supplied with it.
-

Keep one master copy of this pack and update it on every renewal. A stale insurance date is the most common reason a prequalification comes back.
